ASTAR PDF to EXCEL Converter

ASTAR PDF Converter allows you converting various PDF-files that contain invoices into EXCEL-files in order to import them later into accounting programs. It provides ability to specify input templates for the many varieties of invoices.
ASTAR PDF Converter dramatically increases productivity of employees who are occupied with invoice input. With ASTAR PDF converter they no longer have to waste immense time on manual invoice data entry.
It is also a smart way to economize for employers and business owners! ASTAR PDF converter allows reducing expenses and number of employees since the great deal of input work no longer requires a paid person to do it.

Features

- Easy convert of PDF-files containig invoices and other table data into EXCEL files
- Multi-page invoice convert
- Embeded PDF-viewer
- Interactive graphic interface allows selecting regions of import by mouse
- Ability to adjust input layout for various types of invoices
- Multilingual interface

Requirements

ASTAR PDF converter can run on any Windows platform.
The minimum requirements are:

- OS: Windows family (from Windows XP to latest Windows-10)
- Processor: 1 GHz
- RAM: 512 Mb
- Hard disk free space: 5 Mb
