# ASTAR Photo Validator

ASTAR Photo Validator is an essential tool for processing and validating photos for green card lottery and US visa requirements. This program allows you to crop your original photo and check if your photo meets the requirements. This is especially useful if you are applying for a US visa or for the Green Card Lottery (Diversity Visa Lottery program). You can find out more about this program here: [youtube video](#)

Features

- Automatic cropping of the original photo
- 25 properties of a photo are checked for compliance during the validation

Requirements

ASTAR Photo Validator can run on any Windows platform.
The minimum requirements are:

- OS: Windows family (from Windows XP to Windows-10 desktop version, excepting server versions)
- Processor: 1 GHz
- RAM: 512MB
- Hard disk free space: 10 Mb

NOTE: The program can be installed on a MacBook using ORACLE VBOX (free), Parallels (14 days free trial), VMware Fusion (paid), or Apple Boot Camp.
